

Images By Lockridge Wedding Photography Packages

What's Included

DIGITAL IMAGES AND PROOFING ALBUMS

Each wedding photography package includes all proofs in a password-protected online photo album for family and friends to share in the viewing of your special day. Printed 4x6 proofs are included in the Gold Package.

We also supply your images on CD's. These images are supplied in a low resolution format. Low resolution is suitable for emailing, web site creation, and having all of your wedding proofs stored in a compact manner for future reference and enjoyment.

ONLINE REPRINT AND ENLARGEMENT ORDERING

Within 2-3 weeks after your wedding, you will be able to view your images on line and place your orders. We offer a high quality online reprint and enlargement ordering service at affordable rates. We also offer unpublished discounts to large orders, please inquire for details. Orders may be placed via phone, mail, or online.

These options makes it convenient for you, your family and friends to order reprints. This also saves you time! If you family or friends want to order reprints or enlargements, just send them to your password protected wedding album and let them order the images they want.

PHOTO ALBUMS

Over the alst few years, we have noticed that our brides all have such diverse personal tastes when it comes to the selection of their wedding albums. Albums are not included in the wedding package, but we can certainly get one for you and place your prints in it accordingly, saving you time and keeping your prints safe. We also offer book albums (spiral bound album with your photos printed right on the pages).

TRAVEL

We are always happy to travel to your chosen destination. Charges for travel outside our normal area south central Wisconsin (cities included Milwaukee area, Madison area, Platteville area, etc.) are added to your package price.

Equipment

Images By Lockridge has transformed services into strictly high-end professional Digital Photography. The image quality of the latest cameras exceeds the quality provided by film and allows us to change film speed in "mid-roll" and capture moments that otherwise would have been lost while changing film or camera bodies.

The entire wedding is shot with high-end Canon Professional Digital Cameras. Back-up equipment is standard with our business so you do not have to worry about equipment failure.

Videography

Videography comes with a complimentary DVD of your wedding ceremony and a photo slide show of your wedding pictures, with music,. Videography is available individually or included in a package. Please inquire for pricing, details, and availability.
